12 April 2022

MR. VON ERWIN G. AZAGRA
General Manager
Quezon II Electric Cooperative, Inc.
Infanta, Quezon

Dear Mr. Azagra,

This has reference to the scheduled shutdown of Lumban 50MVA Transformer for the Substation Corrective Maintenance Activities on April 19, 2022. Please be informed that the scheduled power interruption will be adjusted as follows as per request of MERALCO due to the affected power plants and load constraints:

Equipment	Affected Areas	Schedule		Reason
		Original Date/Time	Adjusted Date/Time	
Lumban 50MVA Transformer	**Laguna:** 1. Cavinti 2. Pagsanjan 3. Lumban 4. Paete 5. Pakil 6. Pangil 7. Famy 8. Mabitac 9. Siniloan 10. Sta. Maria **Quezon:** 1. Real 2. Gen. Nakar 3. Infanta	**April 19, 2022**/ 0700H to 1200H	**April 19, 2022**/ *0001H to 0500H*	a. Urgent correction of hotspot at Phase B secondary bushing of 8XF01LMN b. Refilling of additional SF6 gas at CB04(5LI1LMN-FAM) c. Testing of OLTC in preparation for the transformer tap-changing as per transformer tap changer operating guidelines for dry season

For your information and reference

Respectfully,

PATROCINIO P. PALAD
Sr. Manager, District 2, South Luzon Operations & Maintenance
