NOPSI-2022-07-010A

05 July 2022

MR. VON ERWIN G. AZAGRA
General Manager
Quezon II Electric Cooperative, Inc.
Infanta, Quezon

Dear Mr. Azagra,

This has reference to the scheduled shutdown of Lumban 50MVA Transformer and Lumban-Famy 69kV Line for the Substation Upgrading & Maintenance Activities on July 2, 2022. Please be informed that the scheduled power interruption will be adjusted as follows as per request of FLECO dated June 24, 2022, due to various events and business operations within their coverage area on the said date:

Date/Day/Time	Line to be De-energized	Affected Customers	Activity
July 16, 2022/ 0600H to 1800H	Lumban SS 50MVA Transformer	Real, General Nakar and Infanta, Quezon	a. Splitting of 69kV Bus at Lumban SS b. Installation of 69kV Gantry DS c. PM of associated HVE and correction of hotspot
July 16, 2022/ 0600H to 1800H	Lumban-Famy 69kV Line		a. Transfer of Famy Line Control to new(spare) BCU b. Resetting of Lumban-Famy 69kV Feeder Protection at Lumban Side c. Test & Commissioning of new Feeder Protection at Famy SS d. Energization of 69kV PCB at Famy SS e. Preventive/corrective maintenance along the line f. Implementation of Woodpole Replacement Project

All works may be finished ahead of time and power may be restored earlier than scheduled, please consider our lines always energized.

Thank you for your understanding and cooperation.

Sincerely,

PATROCINIO P. PALAD
Sr. Manager, District 2, South Luzon Operations & Maintenance
